SUMMARY

I am a software Engineering student with a passion for programming and creating interactive and responsive web and mobile applications. I am skilled in solving complex problems using programming languages such as C, Python and Java. I use my creative skills in UI/UX designing and prototyping.

EXPERIENCE

Intern   May 2023

Completed a 15-day intensive internship focused on PYTHON programming at SOFTEN Technologies Cochin, Kerala in 2023 and gained hands-on experience with the tool.

Freelance Web Developer   August 2024 - Present

Developing a dynamic and visually appealing front-end website for Stay Vagamon, a resort group, to effectively promote their resorts and enhance their online presence.

PROJECTS

Curently- Energy Monitor (IOT)   github.com/Sidharth-Manikuttan/Curently

'Curently' is a comprehensive energy consumption monitoring system designed to help households track and manage their power usage efficiently. It combines hardware and software for a better user experience.

Task Allocator   github.com/Sidharth-Manikuttan/Task-Allocation-System

Developed a web-based Task Allocator system to efficiently distribute assignments among employees based on their current skills and knowledge.

EDUCATION

2021 - present	Bachelor of Technology in Computer Science and Engineering at **St. Joseph's College of Engineering and Technology, Palai, Kottayam, Kerala**	(GPA: 9.23/10)
2020	Class 12th State Board	(GPA: 9.95/10)

ACHIEVEMENTS AND CERTIFICATIONS

Smart India Hackathon : Second position in the internal prelims round at college among 31 teams

NPTEL : NPTEL Certifications in 'Fundamentals of Artificial Intelligence' and 'Wheeled Mobile Robots'

Coursera Meta Certifications : Principles of UI/UX Design, Introduction to Front-End Development, Programming with JavaScript

Hackengers : Reached the final round in the HACKENGERS coding hackathon by LIVEWIRE

Others : C Training [IIT Bombay], WEB QUEST Web Developer [GDSC SJCET], UI/UX Designing using Figma[4 Day Workshop by OFB], Participated in multiple national level hackathons

SKILLS

Technical Skills :	C, Python, Java, HTML, CSS, Javascript, Reactjs/Nextjs, React Native, PHP, SQL, Firebase/Supabase, Data Structures, UI/UX Designing (Figma), Git
Soft Skills :	Teamwork, Adaptability, Leadership, Problem Solving, Communication
